1	It is the duty of all local governments to help preserve their special interests.	8/11/2016 10:12 AM
2	I think there should be laws prohibiting the use of herbicides and pesticides on lawns bordering lakes, rivers and streams	7/21/2016 5:11 PM
3	everyone should work together for a great community	7/21/2016 4:00 PM
4	The Township Government seems like the best place to start at the local level. Even if they can't directly assist they would know another governmental agency to be referred to.	7/20/2016 9:43 AM
5	People come here for nature, people stay for the same reason. Don't let poorly planned development affect that. Development isn't inherently bad (quite the opposite), but it must be done thoughtfully and without losing sight of what naturally exists here.	7/17/2016 10:02 AM
6	to maintain for future generations	7/15/2016 7:42 PM
7	plant some fish in Hubbard lake	7/15/2016 2:12 PM
8	Tree cutters for Consumers Power were cutting oak trees and NOT spraying the cut, thereby inviting oak wilt to our community! I feel the township should have got involved, along with residents, to make sure Consumers was aware of how serious this problem is, especially since many non-resident property owners were not aware of what was going on.	7/14/2016 8:46 AM
9	The township government should provide support as best they can.	7/12/2016 6:17 PM
